Good morning,

Now that it's officially spring we are doing spring cleanup. One of the big things we are cleaning up is the remaining Falken AT3w tires. All in stock AT3w will have a [\\$5 per tire on invoice rebate](#) for the month of April, pair that with the points earned in DWT rewards and your getting some real money back in your pocket. You can also check out our different hot sheets: [PLT](#), [Construction/Industrial/Ag](#), [Commercial/Trailer](#) and [Wheels/Tubes](#). There are literally hundreds of good deals on the hot sheet for April, no foolin'.

Some of our top manufacturers are putting out rebates in April too. Goodyear is starting their Q2 rebate with a top value of \$200(if using Goodyear credit card) and runs until June 30th. Hankook has theirs starting April 8th and runs all the way to July 7th with to value up to \$120. Not to be left behind is Cooper and Kumho with \$100 and \$80 rebates offered for the next two months.

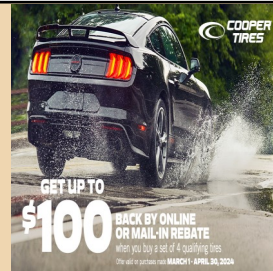

Not to be forgotten, ag tires. For April we have some big offerings in the ag tire market through our DWT Rewards. You can earn 3x or even 4x points on GRI and Maxam products. We are also offering up to 3x points on commercial tires.

So don't wait, grab the deals while they are here and have a great push into spring!

Thank you,
DWT Sales Manager
